## Kuwait Weekly Report

June 3, 2021

### Top Buy Recommendations

**Zain:** Offering decent dividend yield at current levels, losses were contained in Iraq and significant growth in revenue was witnessed in Sudan.

**NBK:** Strong international oil prices and extension of stimulus package until June this year, will boost banking sector liquidity. Being the largest lender NBK will benefit the most.

**Mezzan Holding:** Recently added to the MSCI emerging market index. Earnings grew by 98% in 2020 mainly on better margins and lower finance costs. Business model provides resilience against any cyclical changes e.g. pandemic etc.

**Humansoft:** Announced better than expected 1Q21 results. Sustained impact of Covid related lockdowns and discounted fee by reducing operating expenses. Balance sheet is strong. Offering attractive dividend yield at current price.

### Market Commentary

Kuwait stock market index remained rangebound during the week and Boursa Kuwait All Share Index gained 0.8% while Premier index gained 1.2% during the week. Index heavyweight Mabaneer lost 3% during the week while KFH closed flat. Since major companies have announced their financial results market participants are now focusing on economic reopening and political developments.

International oil prices jumped 4% to USD 69 per barrel giving new hopes to investors for increased liquidity and better macroeconomic prospects.

**Outlook:**

Market participants are expected to focus on lockdown measure, reopening of economies and pace of vaccination in the Country and globally.
